About Me

Motivated B.Tech student Computer Science Engineering (AIML) student with strong knowledge of Python, Machine Learning, Deep Learning, Data Analysis, and Web Development. Skilled in developing AI-based predictive models, data preprocessing, feature engineering, and visualization using real-world datasets. Passionate about Artificial Intelligence, problem-solving, and software development. Seeking internship opportunities to apply technical and analytical skills in innovative projects.

Education

SR University	CGPA: 8.2/10
B.Tech in Computer Science(2023-2027)	

Tejas Junior College	94.5% (2021-2023)
Indian High School	100% (2021)

Technical Skills

Languages:Python,SQL,Machine Learning,Data Analysis,HTML CSS,Javascript
Core: DSA, DBMS,OS, OOPS
Projects

GITZAN Music Genre classification Dataset

- Built a machine learning model to classify music genres using GTZAN dataset
- Extracted audio features (MFCC, spectral features) and performed preprocessing
- Improved accuracy through feature selection and hyperparameter tuning
- Tech: Python, Librosa, NumPy, Scikit-learn

Mobile Price Prediction using Machine Learning & Deep Learning

- Developed predictive models using Random Forest, XGBoost, ANN, and DNN
- Performed data preprocessing, feature engineering, and normalization
- Compared models using R2 score and achieved high prediction accuracy
- Visualized model performance using graphs and evaluation metrics
- Tech: Python, Scikit-learn, TensorFlow, Pandas, Matplotlib
- Achieved 90%+ accuracy using optimized ML/DL models

Internships

- Oasis Infobyte – Web Development (Jun–Jul 2025)
- Java Full Stack Virtual Internship (Apr–Jun 2025)
- Juniper Mist AI Internship (Oct–Dec 2024)
- AWS Data Engineering Internship (Jan–Mar 2025)
- AI & IoT Robotics (Feb–Apr 2026)

Certifications

- Microsoft AI-900 Azure
- AI & Deep Learning – Infosys Springboard
- Cisco networks

Achievements

Awarded Appreciation as Semester Topper in School of Computer Science Artificial Intelligence during the academic year 2024-25 2nd year 1st Semester (AIML).and 2nd year 2nd semester 2024-2025 And 3rd year 1st semester and 2nd semester 2025-2026
